# What you get for £799

Your work is your best advert, but most of it sits on Facebook and in word of mouth. This site shows your extensions, lofts and renovations properly, filters out the time-wasters with a few smart questions, and gets you to the site visit first.

1. **Your website**
   Designed around your brand, quick to load and easy to use on a phone.

2. **A page for every service and area**
   So you show up when people in Liverpool and nearby search for what you do.

3. **Your Google Business Profile**
   Set up properly, so you appear on the map, with a simple way to get more reviews.

4. **Online quote requests**
   Customers can ask for a quote from any page, day or night.

5. **Instant replies**
   Every enquiry gets an answer straight away, even when you're busy working.

6. **30 days of social media posts**
   A month of posts designed and written for you, with Instagram, Facebook and TikTok set up.

## £799, one-off

Designed, built and launched for you. Any other costs, such as your domain, are explained up front.

# Built around one job: turning local searches into the right site visits.

**Step 1**

## Get found

A page for extensions, lofts and every job you take on. A page for every area you build in.

**Step 2**

## Earn trust

Before-and-after galleries of real local projects. Your insurance, memberships and process, shown clearly.

**Step 3**

## Win the job

Request a quote in under a minute, from any page. Budget, timeline and postcode asked up front.

### Sound familiar?

| | |
|---|---|
| **Great work, poor showcase** | Photos sit on Facebook and word of mouth. Prospects cannot see your standard before they call. |
| **Time-wasting enquiries** | Tyre-kickers and out-of-area leads eat your time. |
| **Slow quoting loses jobs** | The builder who replies first often wins. |

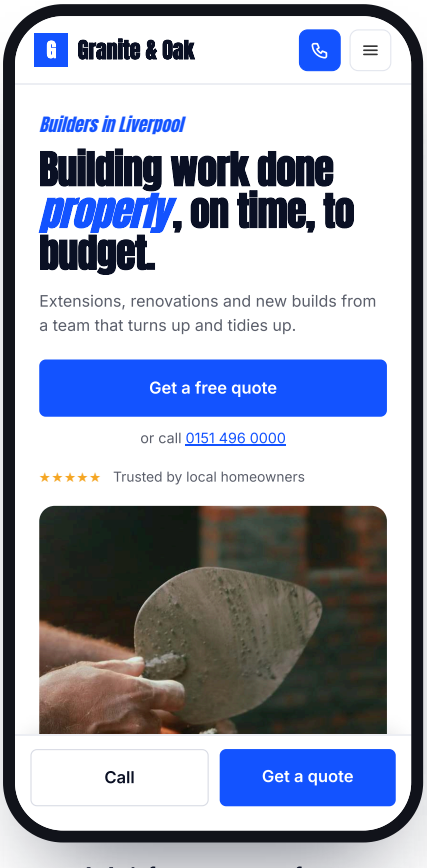
### Searches you could show up for

- "builder in Allerton"
- "house extension builder Liverpool"
- "loft conversion Liverpool"
- "home renovation Liverpool"
- "kitchen extension builders Liverpool"
- "builders near me"

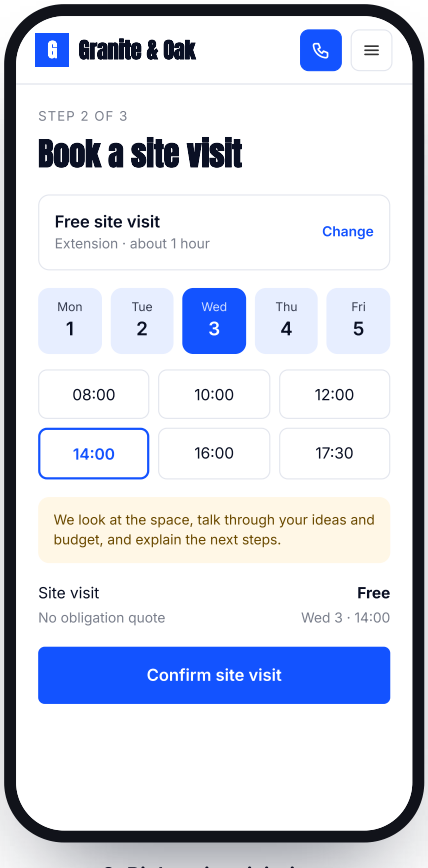
**Honest about costs and time.** We never publish a price for a job you have not seen. Guides explain what affects cost and timelines, and planning and building regulations are described in general terms, so customers check their own case.

# Most people look up a builder on their phone. So the phone comes first.

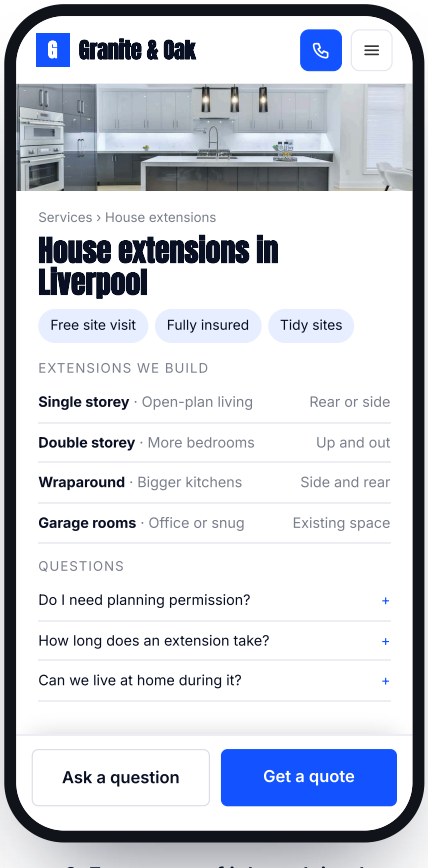
Every page has a quick way to ask for a quote, call or send a message.



1. Ask for a quote up front



2. Pick a site visit time



3. Every type of job explained

- A sticky Call and Quote bar on phones
- Site visit slots by day and time
- Budget and start date asked before you visit
- A postcode check, so you only travel for local jobs
- Before-and-after galleries that load fast
- Tap-to-call and tap-to-message everywhere
- Plans and drawings uploaded with the request
- Large tap targets and easy-to-read type

# A site that looks as solid as the work you do.

Every site is designed around your own brand. A few example directions:
